SH 360 PROJECT TO BEGIN

SH 360 Mainlane Construction Between I-20 and I-30 in Arlington

June 1, 2018

ARLINGTON – Construction will begin next week on the State Highway 360 project from Abram Street to Kingswood Boulevard/Green Oaks Boulevard. The project will add an additional north and southbound mainlane, rebuild the Abram Street bridge over SH 360 and rebuild various exit and entrance ramps. This \$53 million project will widen the 5.4-mile section of mainlanes from three lanes to four lanes in each direction.

During construction, three lanes will remain open in each direction, and lane closures will be scheduled during off-peak hours. SH 360 will be reduced to one lane in each direction next week at night to set barriers and for striping.

The project was awarded to Fluor Heavy Civil, LLC., and it is estimated for completion in 2020.

For up-to-date project information, current lane closures and to sign up for email alerts on construction activity, go to: www.keep30360moving.org.

Safety is a top priority at TxDOT, and the foundation for the agency's planning, building and maintaining of projects across the state. When driving through a work zone, some simple steps to take are: slow down, pay attention, avoid distractions such as cell phones, be patient and plan ahead.

TxDOT appreciates the patience of motorists, and encourages attention to all warning signs within the construction work zone while crews work diligently to complete this work as quickly and as safely as possible. You can see all Texas road conditions by visiting: www.drivetexas.org.
